

The End of the Brexit Road

So this is the end
Lets not pretend
The Withdrawal Agreement May recommends
Is her "Brexit" deal, May cannot defend
Our Parliament it does offend
And politicians cannot amend
To Brussels May sends
To help the deal she tends
The EU decrees and does not bend
To the "Backstop" M. Barnier will not append
And the DUP cannot apprehend
Why the deal, May will not extend
Her Deal or no Deal, too late to mend
But Article 50 May can suspend
Messsieurs Barnier and Juncker. intends
Into the deal we must all descend,
That is the hopeless trend.
So comes the inevitable end.
When Utopia becomes Dystopia, in the end.
